CARDINAL '68

NEWARK VALLEY CENTRAL SCHOOL
NEWARK VALLEY, NEW YORK

THE TORCH
IS PASSED

Throughout the ages, the torch has symbolized knowledge and reason. It has represented man's ideals, his aspirations, his search for truth and understanding. In essence, the passing of the torch now signifies the passing of leadership and responsibility from one generation to another. But generations overlap, divisions are indistinct. Every individual, standing alone, must bear the torch by himself; every individual must share in the responsibility, assume some of the leadership. Emerging from the shelter of youth, each must establish his worth in society, determine his goals in life. Holding the torch high and uniting in a common quest for peace, all men, of any degree of intelligence, ambition, and ability, must contribute to society, for separately they are the fiber of our democracy; together they are the character of our nation.

DEDICATION

It is with fond memories and deep appreciation that the seniors dedicate the Cardinal '68 to you, Mrs. Merithew.

After graduating from SUC at Cortland, you came to our school district in 1935. Our first encounter with you was in 1961 as our sixth grade teacher. Moving with us to the high school, you became our librarian, but more than that, you became a guiding hand, an encouraging aid, and a friend.

Of a devoted nature, you have greatly improved our library not only in the academic sense but also by creating a warm atmosphere, a refuge from the cold surroundings of a study hall.

Though at first you appeared as an ominous figure, through the years our apprehensions slowly grew into respect.

Most appreciative thanks from the Class of '68 to you, Mrs. Merithew.

To the future seniors of Newark Valley Central School

Very rarely are we given the opportunity to foresee what the future holds for us. We live each day unaware of the problems and challenges which we will be required to meet.

As I reflect upon the past four years of high school, I see unfolded a totally different world which was filled with exciting new experiences and responsibilities. By giving a brief description of the highlights of the Class of 1968's activities from freshmen to seniors, I hope to show what the future years may hold for you.

As freshmen, our class was introduced into the world of high school. Although not totally different from seventh and eighth grades, we found that more was demanded of us. Initiation humbled us as we submitted to the whims of the Almighty Seniors and frantically realized that we did not know all the words to the Alma Mater.

Gratefully we became sophomores. As we moved one step closer to our ultimate goal, we found our second year in high school offered us a diversified selection of activities that kept us busy for the ten months we spent as sophomores. We experienced our first Regents subjects as we were led from the fall of the Roman Empire to World War II, and we were introduced to the functions of the living from one-celled animals to the human body. The thrill of varsity sports and the ecstasy and disappointments following each game became an important part of our lives.

As juniors we gained a more prominent position in the public eye as we went house to house selling stationery. Reaching a total of \$1400., we used much of our hard-gained money in the production of our play *You Can't Take It With You*. Directed by Mr. Donald McLaud, the cast spent many unforgettable hours in rehearsal and at hard work to make the play a success.

In June, the Class of 1968 presented its Prom "In An English Country Garden". Dancing to the music of "The Starlighters", those who attended were surrounded by an atmosphere of a garden place accomplished by the use of nylon net for the sky, a wishing well, a swing, and many flowers. Donald McLaud and Robin Katchuk were chosen as King and Queen of the Prom and crowned by the previous year's royal couple, Ken Ceurter and Karen Waterman.

Our class was also honored by having three of our classmates chosen as Rotary International Exchange Students. Janet Grant was selected to spend a year in Australia; Edmund Perry, our president, was selected to study in South Africa; Arlinda Stagg chose Japan as the country where she would spend her senior year.

At the conclusion of a very eventful year, with heads held high and hearts beating a little faster, we moved from our place as juniors in the auditorium to the front and center section, symbolic of the roles we would assume as seniors.

During our last year in high school, the Class of 1968 again endeavored to raise money by selling magazines. The Ice Follies in December were eagerly looked forward to as a reward for the fund-raising activities of the past two years. The new year brought initiation, dances, examinations, trips . . . and finally graduation.

Newark Valley has been this and so much more. As we go our separate ways, we shall never forget our Alma Mater and carry with us always the fond memories of:

"Newark Valley and the Cardinal and White".

"IN AN ENGLISH COUNTRY GARDEN"

The crowning of our king and queen, Donald McLaud and Robin Katchuk.

Is it true that chaperones have more fun?

The royal couple takes the spotlight.

Time to relax, and relax, and relax.

Rally 'round the wishing well.
